DR. OSGOOD'S INDIAN CHOLAGOGUE.-For the cure of Fever and Ague, Chill Fever, Dunes Ague, Intermittent and Remittent Fever, Liver Complaint 'anadice, Enlargement of the Liver and Spleen, and all the various forms of bilious di ases: The following extract is from the "Farmer's and Emigeant's Hand Book," a valuable work of about five hundred pages recenty published by Messrs. Appleton & Co. New York. In chapter, page 235, the author, speaking of the Ferrand Ague, cemarks: There is a valuable medicine sold in most of the Western cities, which we can conscientiously recommend for Fever and bilious dirorders of the West his especial study. We are no friend to those medicines usually called patent, but we have had ample opportunity of knowing the invaluable effects of the Cholagogue in bilious cases.' The speedy and permanent reher afforded by the Cholagogue, arises from its prompt and healthy action upon the blood, cleansing

it from bile and restoring it to purity; thus striking at the root. Its tendency is not simply to suspend disease, but to remove the cause on which it depends. It is equally adapted to all ages and conditions of the system. From S F. Carey, Counsellor at Law, to the Agents in Cincinnati. CINCINNATI, October 11, 1846. Messis. Sanford & Park : In June last I was attacked with that most afflicting and unpleasant disease, the Chill and Fever. The paroxysms returned daily, and were very severe. My physical

energies had been much impaired, by a previous attack of billous fever. Having tried several favorite remedies without relief a friend in whom I had confidence, recommended Dr. Osgood's In-dia Cholagogue. I procured a bottle, and followed the accompany-ing directions. The consequence was, that I had but one paroxyism after taking the first dose, and my general health was rapid'y restored without using any other medicine. I disposed with the remainder of the boule to two other persons similarly afflicted, and with the same result. One of them had been shaking for eight months, and was relieved in two days the use of the Cholagogue. I consider it my duty, as it is my pleasure to re-ommend it, having the most entire confidence in its sanative powers. Yours, truly, J. D. Remedy for Lung complaints and all affections of the Researctory WE do not wish to tride with the lives or hand of the afflicted, and we sincerely cledge ourselves to make no assertious as to the virtue of this medicine and to hold out no hope to raffering humanity which facts will not warrant. We ask the attention of the candid to a few considerations. Nature in every part of her works,

has left indefible marks of adaptation and design. The constitution

of the animals and vegetables of the torrid is such that they rould not

endare the cold of the frigid zone and vice verse. In regard to dis-

case and its care, the adaptation of remedies is not less striking. The

Mars of Iceland and the Pine and Wild Cherry are justly refebrated for the cure of all diseases of the Lungs and Liver, which are so tearfully provident in all northern lattindes. From a conditionion of Chemical Extracts produced from this 'Moss,' and these 'Trees,' Dr. Wistar's Balsam of Wild Cherry is chiefly formed. From the Harrison (Ind.) Gazette, of Feb. 1, 1848. The incredulous are invited to read the following note from the Rev-Mr. Coldron, whose character for truth and veracity stands above sus. picton, and have their doubts dispelled as to the superiority of Wis-

tar's Balsam of Wild Cherry, over all other remedies of the same Convoor, Inp., January 28, 1842. It is no less a doty than a pleasure to me to mate for the benefit of the afflicted, that | consider Wistar's Balsam of Wild Cherry, a great blessing to be bugged race. Having tried it in a case of severe at fection of the lungs, unless ratingly recommend it to these similarly afflicted as the best remedy that I have ever tried, and one which cured me when the physicans said I must die, and when I thought myself that my time to depart was near at hand,

WILLIAM COLURON.

SPHINGERED, Kr., May 14, 1845. Mesers. Senford 4 Park. I take this opportunity of informing year of a most remarkable cure performed upon me by the use of Br.Whtar's Balsom of Wild Cherry. In the year 1840, I was taken with an offsmmation of the bowels, which I labored under for 6 weeks, when I gradually recovered. In the fall of 1841, I was stracked with a severe cold, which sealed uself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicines, and every variety of medical oid, without benefit; and thus I wearld along until the winter of leld, when I beard of Wistar's Balsam of Wild Cherry. My friends persuaded me to give it a trial, though 1 had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitation, I was induced to make use of the Genoine Wistar's Balsam of Wild Cherry The effect was truly astonishing. After five years of affliction, path, and authoring, and after having spent four or five builded dollars to no purpose, and the test and most re-pectable physicians had proved unavailing, I was soon to tored to entire health by the blessing of God and the use of Dr. Wistar's Balsom of Wild Cherry. I am now enjoying good bealth, and such is my altered appearance, that I am no longer known when I meet my former acquaintances. I have gained rapidly in weight, and my firsh is firm and solid. I can now ent is much as any person and my food seems to agree with me. 4 have eaten more during the last six months tion I had enten in five years before. Considering my case almost a mirable I deem it necessary for the good of the officeed, and a duty I own to the proprietors and my fellow men. (who should know where relief may be had.) to make this statement public. May the blessings of God test upon the proprietors of so valuable a medicine as Wistar's Baisam of Wild
